Send us your want list and let us check through our stock and give you the most favorable price quote in town.

Many of the items in this issue are of a one-of-a-kind nature. Therefore, we suggest a phone call to reserve your selection, or to place credit card orders. Franklin Mint Holiday Line?

For those of you who are asking about the chance of acquiring Franklin Mint holiday line items from us, we are sorry to report that once again we will NOT be handling these items. Our decision to not handle these items is based upon the pricing structure of the products, which are distributed from the Franklin Mint. This year we have not received any information from the Franklin Mint with reference to ordering but presume that these items can be ordered directly from them. These are attractive items which warrant your consideration.

OLYMPIC UNITED STATES SILVER DOLLARS

The new proof Olympic Silver Dollars are available for immediate delivery. We have just a couple of hundred pieces on hand and these go out on a first come, first served basis at our very special price of just $39.95 each ($1.50 per coin delivery). This price includes the deluxe case and if you care to order without the cases they are just $38.50 each. The design is perhaps the most distinctive new issue coin we have seen in many years, possibly since the Walking Liberty Half. This is the second coin issued to portray the word "Los Angeles." Indicate first one, and take $1.00 off the price per coin.

This 40% Silver Dollar was the first of the Ike dollars. Struck in San Francisco with the "S" Mint mark this piece is one of our most short lived recent issues. History shows that unpopular issues like the Ike dollar and others move in value and these are prime for a move next year with the coming of the Olympics. Act now and stash a few away. (Coined from 1795 to 1933, none coined between 1805 and 1837)

Although coinage extended over a long period there are really only three major types with some minor variations such as the number of stars in the first type: the liberty head was adopted in 1838 and coined until 1907, a motto being added on the reverse in 1866, the Indian head type was introduced in 1907. The rarest date is 1798.

SMALL CENTS

Lincoln Head Type
1909 to Date

Victor D. Brenner designed this cent which was issued to commemorate the hundredth anniversary of Lincoln's birth. The designer's initials VDB appear on a limited quantity of cents of 1909. The San Francisco mint produced the smallest issue before the initials were removed, creating the scarcest and most sought-after Lincoln Head Cent. The initials were restored, in 1918, to the obverse side as illustrated below. This type cent was the first to have the motto "In God We Trust"

FROM THE PAST!

We have taken a couple of interesting pages from two important numismatic reference works which we felt you would find interesting. Sorry but you can't order any of these items at their listed price. If you could, we would have ordered them first. The Cents are featured from the 1st edition of the Red Book in 1947 and the gold page is from the first edition of the Blue Book issued also in 1947. It is our pleasure to bring you a moment from the past.

Framed Display of FRACTIONAL Currency

We purchased this beautiful framed display of fractional currency right before press time and rushed to get it to you in this issue. It was purchased from an estate where it hung for over 100 years, according to the owner. Still in the original attractive 19" x 21" frame and mat, most of the notes (all but 3) appear to be uncirculated and all retain their original color. This is a very attractive and historical one of a kind offering, so a call would be advisable.

$10.00 charge for postage and handling on this item.

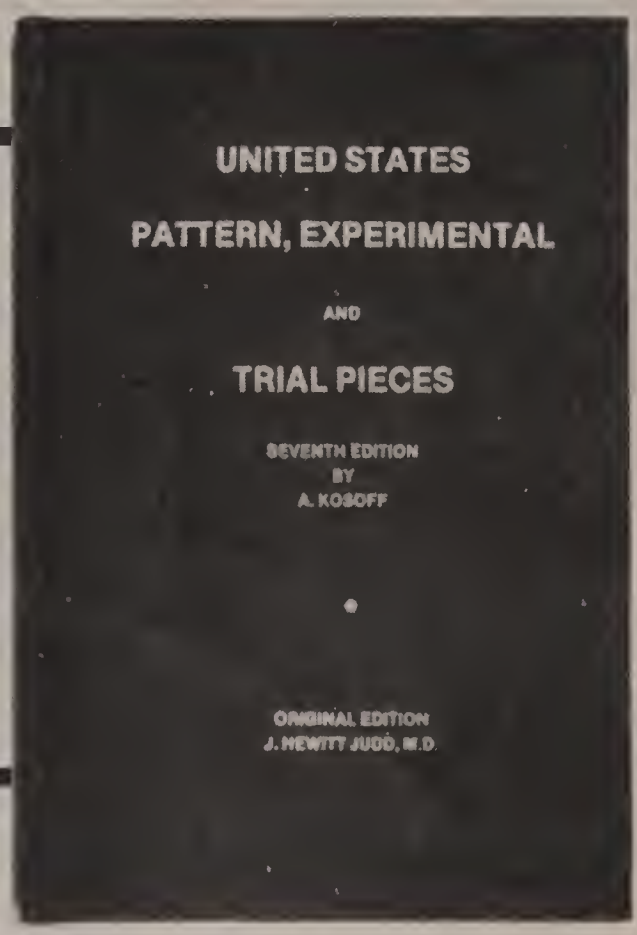
United States Pattern, Experimental & Trial Pieces

7th Edition by A. Kosoff.
Original Edition by J. H. Judd



Every serious collector of United States coins is familiar with the Judd pattern book. A must for every library! This is the latest edition and for those of you who are not familiar with the work it was not a volumne owned by most collectors due to the high cost of publish versus the relatively small number of collectors who would consider the purchase of the book. Well this has all changed now as we have bought out the publisher and offer these at a fraction of their original cost. This latest volumne has all of the up to date information including the IKE dollar pattern pieces with valuations for those pieces which have had recent history of trades. A Special price and a real opportunity to include this in your library at just $9.50.

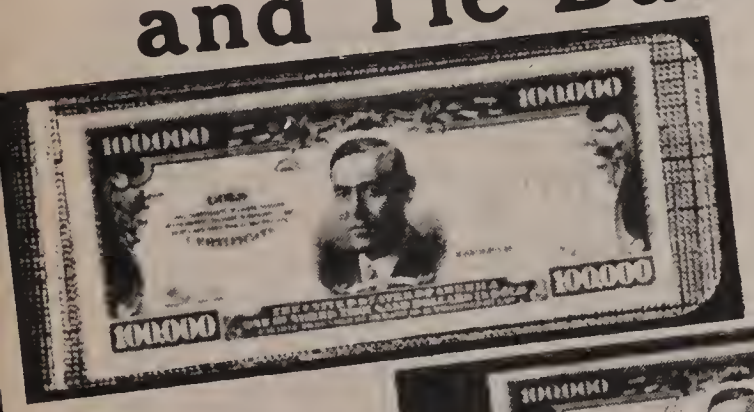
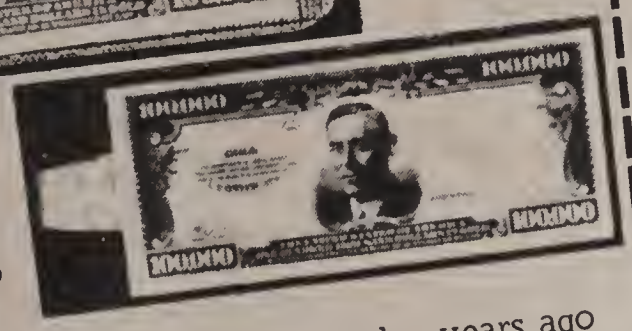
$100,000.00 Money Clips and Tie Bars



are back!!!



For those of you who were with us twelve years ago you may recall the famous Secret Service story when our operation was almost closed own due to the sale of these unusual $100,000.00 money clips and tie bars. Believe it or not we turned away thousands of sales.. Well, now twelve years later we now legally offer these with the understanding that it took our government twelve years to realize that no one would attempt to offer these as real currency. Certainly interesting and humorous. Take a trip back twelve years ago at the same price originally offered at $3.95 each.

ANTIQUITIES

MORE ANTIQUITIES FROM THE ICE STOCK

Half of the approximately 300 firms selling gems for investment is the U.S. during the 1980 peak are now out of business according to the *Jeweler's Circular.* The collapse of one of the largest such companies International Diamond Corporation, with annual sales, of more than $150 million has resulted in an unexpected dividend for ancient coin and antiquity collectors. At the peak of its prosperity, IDC decided to broaden its product line. . .and formed a subdivision, Intercontinental Antiquity Corporation (IAC), that offered genuine antiquities and ancient coins to its clients. These were mostly from ancient Israel, with some Greek, Roman and Egyptian pieces. They were purchased by descriptive certificates and color photographs.

The diamond investing bubble burst, bringing all activities of IAC to a half, and bankruptcy was declared. Competitive proposals were submitted and Superior Stamp & Coin Co., Inc. was chosen by the court appointed trustee as the prime seller of the extensive antiquity and ancient coin stock. The inventory of more than 1,300 antiquities and about 700 ancient coins can be seen at our office.

The antiquities will be offered in this and subsequent issues of "MoneyTalks" and by our Biblical Numismatic Society. Prices are as low as $25 for a 2,000-year-old oil lamp, or a glass vial undamaged by the centuries, lain undistrubed in an ancient tomb.

This is the third listing of antiquities to be offered in "MoneyTalks." With the tremendous response from the first and second listings, we strongly suggest that you call to reserve your selections immediately. Outside California toll free at (800) 421-0754; within California (213) 278-9740.

Every antiquity will be accompanied by a certificate of authenticity and a *full color photo.*

AN OPPORTUNITY AWAITS

The coming year will undoubtedly bring many changes in an economy headed towards new strength with a recovery from the recession just about behind us now. Current administration attempts to retain the office of President will cause events to occur which will probably bring about a new level of forward movement. These changes will most likely bring about lower interest rates and higher levels of employment. These are some of the factors which will lead to stronger prices in the numismatic and philatelic markets. We believe that right now is the time to consider consigning your quality material to a SUPERIOR auction. Our first sales open the auction season in January with several large auctions planned thoughout the coming year. Quality consignments of coins or stamps having a minimum value of $50.00 per lot or an entire collection of at least $2,500.00, qualifies for all of the benefits SUPERIOR customers have enjoyed over the years.

Call one of our experts today to discuss how our program works. Right from the beginning you will receive a written appraisal of what you can estimate your lots to realize and this service comes to you at no cost. We will be pleased to make arrangements to pickup your consignment anywhere so long as its size warrants travel. Commission rates are among the most competitive in the industry but the services which accompany your consignment cannot be matched.

Cash advancements are available, and in some cases can be arranged interest free. Phone now for all the details. Outside California call toll free (800) 421-0754; within California (213) 278-9740. Ask for Harold, Mark, Larry or Ira Goldberg.

It is time to do something about it and frankly, we just don't have the time to catalog it all. We will fill your orders for lots of 20 or 50 notes as they are received, from our cardboard box. These lots will be unsearched and chosen
